DIVISION OF ENVIRONMENTAL QUALITY

P.O. Box 176 Jefferson City, MO 65102

CERTIFIED MAIL #711564711

September 9, 1988

Mr. William Whitaker, President Westlake Demolition Landfill 13570 St. Charles Rock Road Bridgeton, MD 63044

Dear Mr. Whitaker:

RE: Financial Assurance Instrument, Notice of Violation

Per the requirements of the Missouri Solid Waste Management Law, Chapter 260, RSMo, section 260.226, the department requires that operators of currently permitted solid waste disposal areas submit a "complete" financial assurance instrument by January 1, 1988. The Westlake Demolition Landfill, Solid Waste Operating Permit Number 2009, has failed to submit a financial assurance instrument to the Department of Natural Resources as required by the Missouri Solid Waste Management Law and pursuant to our Letter of Warning dated May 23, 1988.

Enclosed is Notice of Violation Number 13816, which is being issued for violation of section 260.226 of the Missouri Solid Waste Management Law. Three (3) copies of the Westlake Demolition Landfill financial assurance instrument must be received within sixty (60) days of the date of receipt of this letter. The financial assurance instrument should be mailed to the Waste Management Program, Attn: Mr. Thomas R. Gredell, P.E., P.O. Box 176, Jefferson City, Missouri 65102. If a complete financial assurance instrument is not received by the above compliance date, departmental enforcement action will be considered in accordance with sections 260.230 and 260.240, RSMo.

I trust this will warrant your immediate attention. Should you have any questions, please contact Mr. Daniel Fester at (314) 751-3176.

Sincerely,

DIVISION OF ENVIRONMENTAL QUALITY

Jim Hull

RE: Laidlaw Waste Systems, Inc. (Bridgeton) Demolition Landfill

Dear Mr. Golfin,

Your letter, date June 22, 1989, requested certain information regarding the Laidlaw Waste Systems (Bridgeton) Demolition Landfill. Attached is a letter to Laidlaw Waste Systems from Mr. Robert Robinson, P.F., of Burns & McDonnell which presents the requested information.

I trust you will find the submitted satisfactory. Please call me at (312) 439-6686 or Mr. Miles Stotts at (618) 656-6912 if you have any questions or need additional information.

Respectfully

Scott Schreiber, Regional Engineer

## APPLICANT INFORMATION FOR A LIMESTONE QUARRY

pplication No. MO-0108634, West Lake Quarry and Material Company, 13570 St. Charles Rock Road, Bridgeton, Missouri 63044, owned by West Lake Quarry and Material Company, 12976 St. Charles Rock Road, Bridgeton, Missouri 63044, has applied to discharge to an unnamed tributary to Missouri River (Missouri River and Eastern Tributaries Basin), at U.S. Survey 131, (NW 1/4, SW 1/4, SE 1/4, Sec. 31 projected), T46N, R5E, St. Louis County, wastewater resulting from storm water runoff from a limestone quarry. The discharge is an existing discharge with a design flow of 700 gal/min/occurrence. The proposed permit terms and conditions, prepared by the St. Louis Regional Office, are as follows:

PROPOSED EFFLUENT LIMITATIONS PROPOSED
MONITORING REQUIREMENTS

Final Final Limitations

Effective Date	Issuance	Issuance	Issuance		
Outfall Number and	Daily	Weekly	Monthly	Measurement	Sample
Effluent Parameter(s)	Maximum	Average	Average	Frequency	Type
Units of Measurement	mg/l				
Outfall #003	Site: L	lest late UDF	<u> </u>		
Flow-m³/Day (MGD)	., ID#: ∆	17.9 001		each occurrence	estima:
Settleable Solids (ml/1/hr)		MDNR 11-25-88	-	once/each occurrence	grab
on-Filterable Residue	45		30 کت	once/each	grab
Total Suspended Solids)				occurrence	
pH - Units	**		**	once/each occurrence	grab

- \* Monitoring requirement only.
- \*\* pH is measured in pH units and is not to be averaged. The pH is limited to the range of 6.0-9.0.

Note - Outfalls #001 and #002 have been eliminated.

#### PROPOSED SPECIAL CONDITIONS

- 1. Within one year of the issuance date of this permit, the permittee shall submit a completed CWC 105 Form C. All required analytical results shall be submitted.
- 2. This permit may be modified, or alternatively, revoked and reissued, to comply with any applicable effluent standard or limitation issued or approved under Sections 301(b)(2) (C), and (D), 304(b)(2) and 307(a)(2) of the Clean Water Act, if the effluent standard or limitation so issued or approved:
  - (a) Contains different conditions or is otherwise more stringent than any effluent limitation in the permit; or
  - (b) Controls any pollutant not limited in the permit.

The permit as modified or reissued under this paragraph shall also contain any other requirements of the Act then applicable.

#### Industrial Sludge Disposal

When sludge is removed from an industrial wastewater treatment facility or when closing the treatment facility, the permittee shall obtain prior approval from the Department on final disposition of the industrial sludge.

4. Leachate shall not be discharged through Outfall #003 described in this permit.
